POLICY TYPE: EXECUTIVE EXPECTATIONS

POLICY TITLE: EDUCATIONAL EQUITY

The Superintendent shall actively implement programs and strategies to ensure the educational opportunities in EACS are provided in an equitable manner to all students and prospective students. Accordingly, the Superintendent shall:

1. Create an environment which supports the dynamics of individual school areas and individual students.

2. Narrow the achievement gap between individual school areas and individual students while improving achievement for all.

3. Create opportunities within the educational process that bring individual students of different races and ethnic backgrounds together.

4. Develop and maintain a qualified staff capable of enhancing the achievement of individual students.

5. Ensure that students are presented with diverse educational opportunities and are encouraged to participate in those opportunities that will start them toward achieving their respective potential.

6. Maximize the use of voluntary means to achieve student transfers.

7. Ensure that all areas of the school district shall be included in any desegregation plan, if one is externally imposed upon EACS.
