Based on The Patient Protection and Affordable Care Act (PPACA), non-grandfathered health plans are required to cover the following services at 100%, with no member cost share.

Notes:  1) This provision applies to services from In-Network providers only;
        2) Only generic and single source brand name drugs are covered without cost sharing.

- **Well-woman visits** – Includes an annual well-woman preventive care visit for adult women to obtain the recommended preventive services, and additional visits if women and their providers determine they are necessary.

- **Gestational diabetes screening** – In pregnant women between 24 and 28 weeks of gestation and at the first prenatal visit for pregnant women identified to be at high risk for diabetes.

- **Human papillomavirus (HPV) DNA testing for women age 30 and older** – Women who are age 30 or older will have access to high-risk HPV DNA testing every three years, regardless of Pap smear results.

- **Sexually transmitted infection (STI) counseling** – Sexually active women will have access to annual STI counseling.

- **Human immunodeficiency virus (HIV) screening and counseling** – Sexually active women will have access to Annual HIV Infection screening and counseling.

- **FDA-approved contraception methods and contraceptive counseling** – Women will have access to all FDA approved contraceptive methods, requiring a prescription, such as but not limited to: oral contraceptives, emergency contraceptives, injectable contraceptives, implantable devices, intravaginal ring, transdermal patch, diaphragms and cervical caps. In addition, sterilization procedures and patient education and counseling are included.

- **Breastfeeding support, supplies and counseling** – Pregnant and postpartum women will have access to comprehensive lactation support and counseling from trained providers, as well as breastfeeding equipment.

- **Domestic violence screening and counseling** – Annual screening and counseling for interpersonal and domestic violence.
