JUNE 16TH REGULAR MEETING
Dr. James Hendrix, EACS' Title I Assistant Administrator, introduced Jamie Garwood of the United Way of Allen County. Dr. Hendrix is a participant in the Real Men Read initiative which is part of the Learn United initiative. Ms. Garwood presented information about Learn United - a community-wide volunteer campaign to close the 3rd grade reading achievement gap within 10 years. The United Way is taking on this initiative because in Allen County 40% of low-income 3rd graders are not passing the language portion of ISTEP, more than 1,000 3rd graders every year fail to pass the ISTEP language test, and 74% of students who can’t read at grade level by the end of 3rd grade will never catch up. Studies show that the ability to read at grade level by the end of 3rd grade is one key factor that predicts future success for a child. Two EACS schools—Southwick Elementary and Village Elementary are involved in the Learn United initiative.

JUNE 2ND REGULAR MEETING
Roeing Corporation has completed the Technology Assessment for East Allen County Schools. Roeing representatives presented an overview of and recommendations for their findings.
