School Board Update Presentation

September 6, 2011
Woodlan K-12 Campus

What has the Design Team been working on to date?

• Interviews at Harlan and Woodburn Elem, and Woodlan Jr/Sr High with:
  • Teachers, Principals, Facility Maintenance Personnel, Kitchen Staff, etc
  • PTO members
  • District Administration
• Community input meeting at Woodlan on 05-25 and 06-09
• Facility walk-throughs and existing conditions analysis
• Developed a Facility Program of Spaces
• Generated Conceptual Design Studies, with input from Staff
• Presented Design to School Board on 07-26 for review and feedback
• Presented Design to Community on 08-24 for review and feedback
• Developed Probable Construction Cost
Some of the results of the School Board Meeting on 07-26:

- Study existing Jr/Sr High to locate under-utilized spaces that could serve the new Elementary Program

- Study Site Plan to better separate Bus traffic from Parent/Student vehicular traffic

- Study Bus Drop – Off to bring Elementary Bus Drop – Off closer to new Elementary Wing Entry
Some of the results of the Community Meeting on 08-24:

- Bus Drop – Off should be provided for Elementary School separate from Jr/Sr High; Elementary Bus Drop – Off should be close to New Elementary Main Entry

- Enlarge Gym to better serve as a multi-function space and allow for possibility of Gym acting as cafeteria

- Provide better separation access to Media Center for Jr/Sr High Students so that they do not have to travel through Elementary Wing

- Study courtyard as potential ‘Outdoor Classroom’ or ‘Learning Lab’

- Other issues identified:
  - Blinking light needed at entrance drives to school
