• Each year, the Hoosier Association of Science Teachers, Inc. (HASTI) Board of Directors identifies individuals who have devoted time and effort to this organization beyond what is expected, and they recognize them for their distinguished service. New Haven High School science teacher, Mr. Mark Mettert, has been recognized as a recipient of the Edward L. Frazier Distinguished Service Award. He was presented this award at the HASTI Conference held in February.

Spotlights on Education:

“Elementary Literacy Program”

Ms. Natalie Drummond, Director of Curriculum & Instruction, highlighted current professional development for elementary teachers in the area of Balanced Literacy as well as 6+1 Writing Traits. She shared that two elementary buildings are currently piloting a process that will be used to articulate a core curriculum using forward mapping of the literacy framework instructional strategies. Performance on EACS ISTEP+/GQE literacy standards were also reviewed.

“Middle School Configuration Options”

EACS is committed to providing exemplary programming for all student groups. Dr. Jan MacLean, Deputy Superintendent, presented information examining the possibility of creating middle level student populations, grades 6-8, in all secondary schools that currently have grades 7-12 (Heritage, Woodlan, and Leo). This configuration would allow for better alignment of district-wide curriculum, instructional practices, and professional development for middle level learners.

Section 2.0  Discussion Items

2.1  Cash Tuition Transfers and Waivers

Since the last Board meeting, language in proposed new Policy 5118 was changed to extend the deadline date for cash tuition transfers to May 15th. The Choice transfer deadline date will remain March 15th.

2.2  Administrative Contracts (One Year vs. Two Year)

Three revised Policy options and Executive Summaries were given to the Board. Two of the options propose permanent change in the policy governing the length of
administrators’ contracts. The third option suspends the current policy for the 2009-10 school year only. Option Four leaves the current policy as is. Adoption of either of these first two options will also require permanent modification of Policy 2150 to eliminate the current link between an administrator’s evaluation and the length of the administrator’s contract. Board discussion occurred.
