Section 2.0 Discussion Items

Agenda Item 2.1 Strategic Planning Follow-Up

Discussion continued regarding 1) Standardization of the elementary school day – Beginning with the 2009-10 all elementary schools’ will operate with 6 hours and 10 minutes of instruction. This fulfills a commitment to the EAEA to come up with a consistent school day. The Transportation Department is to be commended for their work in getting this revamped. Formal action will be taken at the April 21st Board meeting; 2) Full day kindergarten – For the 2009-10 school year, full day kindergarten will be added
at Highland Terrace and Harlan Elementary Schools. It is also intended that full day kindergarten will be added to Cedarville Elementary School for the 2010-11 school year; and 3) Middle school programming – Dr. Novotny gave a brief overview of the two options which were presented by Deputy Superintendent Jan MacLean at previous Board meetings. Mr. Hartman stated that he can’t support having three middle schools and three high schools. Vice President Janice Kelly responded that we cannot keep things the way they currently are. President Terry feels strongly about hearing from the community on this issue.

Agenda Item 2.2 Feasibility Study – Priorities & Next Steps for the District

Discussion continued as to what the Board believes the next steps for the District should be in light of the recent feasibility studies that were conducted. It is becoming clear that a referendum(s) is probably necessary to support our buildings and programs. After much discussion, it was decided that Dr. Novotny will bring her recommendations to the Board at the April 21st Board meeting. A community meeting(s) will take place in May.

The Board routinely discusses topics of interest regarding education and Board governance during this segment of the agenda.
