- **Asset Protection Information** – Brief discussion occurred.

- **High Ability Information** – The Board requested more information regarding the criteria used in the selection process for high ability students.

- **Professional Development Update** – The Board is requesting that some kind of measuring tool/survey/etc. be instituted to measure the effect of the customer service training that was given to secretarial staff back in the Spring. The Board would like some way to gather public feedback regarding all front office support staff at our buildings.

- **Achievement Gap Update** – Brief discussion occurred.

- **Retention Report** - The Board requested additional information such as how many seniors did not graduate, and data on how many fifth year Seniors that were to return did come back and how many of those are sticking with the program thus far. 2.2 Appointments to Architect/Engineer Selection Committee

The district has several major projects scheduled for next year. According to Administrative Policy 7211, two Board members are required to serve on the Architect/Engineer Selection Committee when the cost of a construction project exceeds $500,000.
