SPECIAL NOTE: There will not be an Administrative Bulletin distributed on next week (November 26th). **HAPPY THANKSGIVING EACS STAFF!**

1. **REDESIGN AND TRANSITION**

As the Board of School Trustees acts on recommendations for Redesign, transition will occur quickly. The beginning of the 2011-12 school year is a mere 8 1/2 months away. Please know that Administration will do its best to communicate in a timely fashion important information related to the Redesign and transition.

An offer is always open for Dr. Green or the Cabinet to come to your school for a meeting with teachers, staff, parents, etc. Simply have the principal make the request and we'll get on the schedule as soon as possible.

As always, if you have any questions, please don't hesitate to contact Dr. Green. A "rumor control" site has been opened on the website front page. As rumors are heard, we will attempt to formulate an answer based on fact and post it for the community. Keep us informed of rumors and we'll keep all up-to-date.

2. **NWEA FILES**

NWEA files have been uploaded and we are reading for testing to begin next Monday. The window will remain open through Friday, December 10th. A second round of SRI progress monitoring should be completed before winter break.

3. **MATH INSTRUCTIONAL VIDEOS**

Here is a nifty little website for math instructional videos. TenMarks Education was founded by entrepreneurial parents searching for a better way to help students achieve their potential in math, and supplement and enrich their classroom learning. It does not have to be used directly with your students although it could be. It can certainly give you alternative ideas for presenting a particular math concept. It is very SMART Board friendly and uses YouTube, which teachers have access to. Check it out at [http://teacher.tenmarks.com/](http://teacher.tenmarks.com/)
