Francine's Friends Mobile Mammography Unit is returning to EACS. This is a wonderful and convenient service offered to EACS and to our community by Parkview Hospital, Francine’s Friends, and the Breast Diagnostic Center.

The American Cancer Society recommends women have a baseline mammography screening from age 35 to 40, the screening is available to all women age 35 and older.

All participants must have a family physician as the screening report is sent to the physician.

For those that have EACS Group Health Insurance, Mammograms will be considered as a wellness benefit, covered at 100% if:

1. The individual is between the ages of 40 - 49, one annually
2. If the individual is between the ages of 50 - 74 the benefit is limited to a mammogram every 2 years.

NO ONE will be turned away for inability to pay. Francine’s Friends has funding available and a donation toward the cost of the mammogram is welcome.

EACS screening schedule will start in January 2014 and run through April.
