Levels of Teacher Support

- **Facilitator**: you perform all functions of the leader, calling on students and ensuring conversations stays on track.
- **Participant**: Part of the group and participate in the discussion to about the same extent of the students. You may use your own comments to model effective group behavior. You may also redirect group and help to make sure they stay on track.
- **Occasional Guide**: you enter the discussion only for specific purposes. For example to help students expand on ideas or to keep them focused. Usually you sit outside the group so your presence does not dominate the group.
- **Rotating Observer**: Move about the room, only stopping to observe the group, but you usually don’t intervene.

Evaluation of Discussion:

Generate a list with students on what makes a good discussion:

- Everyone gets a chance to talk.
- People spoke clearly.
- People looked at the speaker.
- People took turns.
- The group worked as a team.
- People commented on one another’s thinking.
- People were reminded to show evidence for the points they made.
- Group members went to the text to show what they meant.
- People stayed on topic.
- The leader did a good job at being patient.
- People in the group referred to illustrations.
- Group members gave details in their answers.
