eLearning survey for EACS English Parents 2015

(1,881 School Messenger participants and 115 web-link participants, 2,827 no responses)
How would you rate EACS' preparation and communication with students and parents regarding eLearning days?

- Excellent: 41%
- Above average: 26%
- Average: 20%
- Below average: 8%
- Poor: 5%
Please estimate how difficult your child’s eLearning work compares to all other regular schoolwork being completed in class on a regular basis.

- 58%: A similar level of difficulty
- 21%: An easier level of difficulty
- 21%: A higher level of difficulty
Please indicate if you took advantage of any of EACS’s school computer labs being open before or after school during the five days subsequent to a school cancellation.

- yes (85%)
- no (15%)
After the weather-cancelled day, your student(s) had five days to complete the assignments; this was:

- Right amount of time: 70%
- Not enough time: 12%
- Too much time: 18%
How does your child complete his/her eLearning assignments?

- 41% on the district iPad
- 50% at home on my/a friend/a relative’s computer.
- 4% before/after school in the computer lab
- 5% in public library
If your child did not complete the eLearning assignments, what is(are) the reason(s):

- completed the eLearning assignments (76%)
- the district iPad does not come home (1%)
- no desktop/laptop computer at home (4%)
- could not get logged in (4%)
- had problems with the programs working (6%)
- not able to come before/stay after school for computer lab use (1%)
- not able to go to the public library (1%)
- not able to use a family, neighbor, or friend’s desktop/laptop computer (4%)
- did not know about or understand the eLearning assignments (4%)
Would you like for EACS to utilize eLearning Days next year?

- Yes: 81%
- No: 19%
