- 61% participated
- 39% no response

- participated
- no response
How would you rate EACS' preparation and communication with students and parents regarding eLearning days?

- Excellent: 75%
- Above average: 11%
- Average: 9%
- Below average: 5%
- Poor: 0%
Please estimate how difficult your child’s eLearning work compares to all other regular schoolwork being completed in class on a regular basis.

- 51%: A similar level of difficulty
- 42%: An easier level of difficulty
- 7%: A higher level of difficulty
Please indicate if you took advantage of any of EACS’s school computer labs being open before or after school during the five days subsequent to a school cancellation.

72% yes
28% no
After the weather-cancelled day, your student(s) had five days to complete the assignments; this was:

- Right amount of time: 84%
- Not enough time: 12%
- Too much time: 4%
How does your child complete his/her eLearning assignments?

- 31% on the district iPad
- 49% at home on my/a friend/a relative’s computer.
- 16% before/after school in the computer lab
- 4% public library
If your child did not complete the eLearning assignments, what is(are) the reason(s):

- completed the eLearning assignments
- the district iPad does not come home
- no desktop/laptop computer at home
- could not get logged in
- had problems with the programs working
- not able to come before/stay after school for computer lab use
- not able to go to the public library
- not able to use a family, neighbor, or friend’s desktop/laptop computer
- did not know about or understand the eLearning assignments

66%
Would you like for EACS to utilize eLearning Days next year?

- yes: 88%
- no: 12%
