

**Compass Odyssey** is a web-based program for language arts and math that is *specifically designed* to meet your student's individual needs at their level...

East Allen County Schools *urges* you to allow your child access to this program at home if you are connected to the Internet, or at the library.

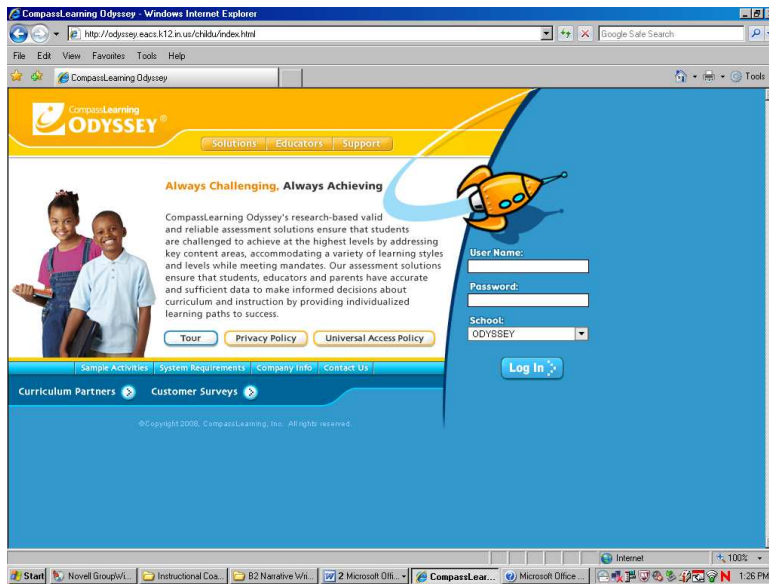

The web address is... [odyssey.eacs.k12.in.us](http://odyssey.eacs.k12.in.us)

## To Login...

All your student needs to know is their 7-digit student number (which they should know), and their first name...

This is what the login screen looks like...

...and this is what your student's assignment page looks like...

With continued use, you should see their NWEA scores go up, and up, and up, and up... .. and then their ISTEP scores as well...
