

East Allen County Schools Educational Foundation

wishes to thank our generous sponsors,
donors and contributors for our
2018 fundraiser. Without this
generosity, our Foundation's
initiatives would not be possible.

Just as Captain Bean's giving and
adventurous spirit took him and other
astronauts to the Moon nearly 50 years
ago, young people over the decades can know it's
possible to achieve their dreams because of your support. *Thank you!*
