The Superintendent shall ensure that participation in all EACS-sponsored extracurricular activities (athletic and non-athletic) is subject to the following expectations:

EACS-sponsored extracurricular activities (athletic and non-athletic) shall be available to all students who have legal residence within EACS boundaries; except as may be prohibited or restricted by federal or state law or the rules of voluntary associations to which EACS, or any of its schools, belong. Participation in EACS-sponsored extracurricular activities shall be prioritized so that current EACS-enrolled students shall have first opportunity to participate. All non-EACS students shall have opportunity to participate when and where openings exist. EACS may only request information as authorized by the State of Indiana in order that the non-EACS student may participate. Non-EACS students participating in EACS-sponsored extracurricular activities must agree to the same conduct requirements as EACS students.
