- **Barton-Coe-Vilamaa** updated the Board on the status of the **Cedarville Elementary, Southwick Elementary, and the former New Haven Elementary School (Administration Consolidation)**.
Former New Haven Elementary School (Administration Consolidation) – The Data Center’s move to the building went smoothly and everything is back up and running. The team worked very hard to get this coordinated. There has been a delay in the installation of the elevator. The renovations to the classrooms on the upper level are near completion.
Southwick Elementary School – The cafeteria abatement went smoothly and timely. The new ceiling and bulkheads are going in. The fireproofing on the ceiling was delayed but shouldn’t affect the overall completion of the project. The bids for renovations/additions for **Southwick Elementary** as well as **Cedarville Elementary’s** addition will be advertised for contractors to bid.
Cedarville Elementary School – Their secure entry is wrapping up soon. General site plans and exterior elevations were shown.

SPECIAL BOARD MEETING - JULY 25th

A special board meeting and public hearing was held. The public hearing was on the Superintendent’s Contract.
