

Go to the Bathroom

I go to the bathroom every day. I go to the bathroom when I have to go pee or poop in the toilet. Some people call this going "potty". Some people call going to the bathroom going "Number 1" or "Number 2". I use the toilet and use toilet paper to stay clean. I know I have to go when I feel my body. It feels full and is ready to pee or poop.

bathroom

Sometimes I need to go to the bathroom and try to go, so I don't go by accident in my pants or in a pull up. I use a schedule at school to remind me, and I am learning to remember to go when I have to. When I am busy or playing and having fun, I need to remember to take a break, so I can go to the bathroom and use the toilet.

wipe and wash

I try not to make a mess in my clothes or have an accident with pee and poop. I use the toilet to stay clean. I remember to wipe with toilet paper and to put toilet paper in the toilet and flush. Poop and pee are not clean. I should not touch or taste them, because they can make me sick. I keep my hands out of the toilet to stay healthy and not get sick. I wash my hands until they are clean, before I go back to class. Then, I can finish what I was doing before I had to go to the bathroom.
