

## Going to Summer Camp

We are going to summer camp. Sometimes camp is during the day.  
Sometimes camp is overnight. Summer camp is a fun place  
where we can play and learn with friends.  
We will go home after camp each day, unless we have an overnight.  
An overnight means we sleep at camp at night and go home after camp.

camp

At camp, adults will tell me what we are going to do each day.  
There is usually a schedule.  
We will play games and do crafts.  
We might go swimming.  
We might take trips to do fun things on special days.

play

We will have snack time too.  
There will be snacks and drinks for everyone.  
Sometimes we may even help make the snacks.  
It is a good idea to use good manners during snack time.

snack

At camp there are a lot of fun things to do. A lot of times we will be  
outside doing fun activities. If it rains or the weather is bad, we will  
do things inside. The adults will make sure we have a good time.  
When camp is over, we will go home.
