

# Weather and Thunderstorms

Sometimes it is sunny and nice outside.

When it is sunny and nice outside, people like to play and walk and enjoy the good weather.

Sometimes there are a lot of clouds and it is windy outside.

The weather changes almost every day and every season.

It is usually sunny in the summer and cold or snowy in the winter.

Sometimes it rains.

When it is rainy, it is not as easy to play or be outside.

Sometimes when it rains, there is thunder and lightning.

Thunder makes loud noises, but doesn't hurt anyone.

If there is lightning, it is better to stay inside as much as possible to be safe, because lightning can hurt people.

Thunder and lightning and rain are called a thunderstorm.

Thunderstorms make some people nervous and scared.

It is a good idea to try to stay inside during storms

and to try to stay calm. If the electricity

and lights go out, people use a flashlight to see.

Sometimes when there are storms, there can be tornado warnings. This means people should stay inside to be safe until the weather passes.

If a house has a basement, sometimes people will go downstairs.

If people are nervous and scared during a storm,

It may help to play a favorite game or read or listen to music.

It may help to talk to family and friends about happy things.

Trying to stay calm and relaxed is a good idea.

calm

It is important to remember to stay inside and stay safe if there is a lot of lightning. It is okay to go outside when there is only rain. When it rains, the rain makes everything wet.

We need water on our plants and grass.

The rain will not hurt anyone. It will be okay!

The weather changes and the storm will be over soon.
