

EAST ALLEN COUNTY SCHOOLS
STUDENT INSURANCE INFORMATION AND WAIVER

INSURANCE INFORMATION

East Allen County Schools does not use tax dollars to carry general medical payment insurance for students injured while attending or participating in classes, classroom activities, athletics, intramurals, co-curricular activities, or extracurricular activities. East Allen County Schools does offer students and their parents or guardians the opportunity each year to purchase student accident insurance. (Insurance information packets have been given to each student. If your child did not bring a packet home, please contact your child's school to obtain a duplicate packet.)

All students planning to participate in athletics, intramural sports, extracurricular activities, co-curricular activities, or junior or senior high lab classes must either enroll in the student accident insurance program or submit a written parent/guardian waiver of such coverage at the beginning of each school year.

WAIVER OF COVERAGE

STUDENT NAME (Print) _____ SCHOOL YEAR 20__/___

SCHOOL _____ GRADE _____

I/we understand that East Allen County Schools does not provide medical payment insurance to cover injuries to students. I/we acknowledge that East Allen County Schools has offered me/us the opportunity to enroll my/our child in the East Allen County Schools student accident insurance program. I/we have voluntarily declined the student accident insurance coverage because my/our child is either adequately covered under my/our family insurance plan or I/we desire to be personally financially liable for any medical expenses my/our child may incur in the event of injury while attending or participating in, any East Allen County Schools class or activity.
