## Alternative Protective Staff iPad Covers

We are aware that other more expensive covers may have even greater protective qualities. We also understand that staff may want to purchase such a cover to have a higher degree of protection against possible breakage or to make the iPad more attractive.

Due to the fact that EACS suffers financial loss whenever an iPad is damaged, it is imperative that “approved” alternative covers have a substantially higher degree of protection than the original cover. Therefore, EACS reserves the right to determine the acceptability of alternative covers. Staff members who damage their iPad while the iPad is NOT in the originally provided covers, or a more expensive cover included here, will be asked to pay the full cost of repair.

Please make sure your iPad type fits the cover you are interested in purchasing. Some staff members have iPad 4s, iPad 5s, and the iPad Air2s.

### Acceptable covers for Staff iPads:

1. Academics case by TooGoodCases - \$73 estimate
2. ExoRail case by CyberAcoustics - \$75 estimate
3. UZBL Shockwave case - \$50 estimate
4. Brenthaven Edge360 case - \$60 estimate
5. Otterbox Defender case - \$72 estimate
6. Zagg Folio **Bluetooth Keyboard and case** - \$95 estimate
